

S & N LABS

FEE SCHEDULE

Fourier-transform Infrared & Raman Spectroscopy

Qualitative (all techniques)	200.00 /each
Quantitative	300.00 /each

Electron Microscopy

Scanning electron microscopy	400.00 /hour
Energy-dispersive x-ray analysis	150.00 /each or 400.00 / hour
Multi-element x-ray imaging	400.00 /hour

Optical Microscopy

Polarized light examination (typical)	100.00 / each
Photography/photomicroscopy	75.00 / each

Chromatography

Gas chromatography (minimum)	150.00 / each
GC-Mass spectroscopy (typical sample)	350.00 / each
GC-MS arson analysis	350.00 / each
GC-MS/MS or GC-MS/CI	call for quote
High-performance liquid chromatography (typical)	250.00 / each
LC-MS or LC-MS/MS	call for quote
Ion chromatography (standard anions)	150.00 / each
<i>(Setup fees are required for some analyses.)</i>	

Surface Analysis

Time-of-flight SIMS	500.00/hour
---------------------	-------------

Miscellaneous

Consulting (legal and industrial)	400.00 /hour
Thermal Analysis (TGA, DSC)	200.00 / each
Ultraviolet-visible spectrometry	100.00 / each
Formulation breakdown	call for quote
Sample return (minimum)	10.00
Sample preparation	no charge for typical samples
Priority service (immediate turnaround)	100% surcharge
Minimum billing	100.00

These fees are for typical samples and are accurate as of 6/1/2011, subject to change without notice. Samples are held for 30 days from report date. If storage beyond this time is required, arrangements must be made with the laboratory.
